Full Description: Execula Product Personalizerfor nopCommerceExecula Product Personalizer plugin gives the ability to personalize products by adding custom text and images that guarantee an amazing-looking product. It gives you absolute freedom in deciding which products and which parts of the product to be custom-made. It offers amazing customization options on product pages which will enable your customers to design and tailor any kind of product by adding colored text and images. It also adds customized links on the product page. Upon clicking on that link it opens a popup where users can modify products according to their need. So, there is no redirection from the product page. It does not just help to increase the value of your product catalog but also increasing customer engagement and loyalty. Developed by Execula LLC.Features1.Customers can customize products by adding colored text and images according to its need and place orders.2.Customize ordered product image is saved.3.Easy to use.4.Fully responsive.5.Seamless integration.SpecificationsSupported versions 4.2, 4.3, 4.4Multi-storeResponsive DesignRazor files are open to modificationsThemeableEasy to install and manage from the nopCommerce Admin panel
